To the Student Ambassador Selection Committee:

This is a recommendation in strong support for Sara Clark's application to serve Santa Fe College as a Student Ambassador. I met Sara in her leadership position as the VP of the IT Club, and she is eager to learn more from other's experiences and to accept new challenges and opportunities at Santa Fe College. For example, Sara continued to develop her leadership skills by founding and chartering The Programming Saints. In this position, she was responsible for developing the club's mission, collaborating with other officers, and recruiting new members online and in person at Club Rush, demonstrating her dedication to bring her vision of a club into existence. Through her professional and student organizations' positions, she utilizes many leadership skills and qualities that would allow her to serve in the many roles that are required of SF Ambassadors. These skills include excellent public speaking skills, outstanding interpersonal communication skills, and the ability to recruit other students into action.

I consider Sara Clark an excellent candidate for the Student Ambassador program at Santa Fe College and highly recommend her for this position without any reservations. Sara is a student who already demonstrates maturity and knowledge of many social and educational issues due to her unique experiences. Sara's overall professional approach to her schoolwork, her communication and networking skills for chartering a club, and her dynamic personality provide many qualities that will make her an outstanding Ambassador at Santa Fe College.

Sincerely,

A handwritten signature in black ink that reads "Doug Bagby". The signature is fluid and cursive.

Doug Bagby, PhD
